"Bill" Crow Wins Big Baby Contest

William "Bill" Crow, year old son of Mr. and Mrs. W.M. Crow, 306 St. George St., was chosen as "The most appealing baby in Hancock County" in the "Bundle of Joy" Contest sponsored by the A and G Theatre and the Sea Coast Echo the past [illegible] weeks.

Bill, truly a "Bundle of Joy" as is evidenced by the above photograph, was announced as the winner Easter afternoon at the A and G Theatre.

Mrs. E. C. Seward, Mr. James [illegible], and [illegible], the judges [illegible], all agreed that it was a difficult choice to make as all contestants entered in the contest were appealing, beautiful babies.

The contest was judged from pictures of the babies, with the techniques of photography not being a part of the judging.

Bill was awarded a number of prizes from local merchants who participated in the contest. The winning picture was submitted to the Globe Laundry.

Prizes and the merchants awarding them are: [illegible] Radio and Electric, [illegible]; [illegible] Shop, [illegible] album of the [illegible] and songs of "Bundle of Joy"; Western Auto Associate Store, [illegible]; [illegible] silver porringer; [illegible]'s Dept. Store, [illegible]; Hancock Bank, $5.00 savings account for the child; [illegible] baby [illegible]; [illegible] TV and Radio [illegible]; [illegible] Globe Laundry [illegible], a [illegible] for the [illegible], a [illegible] and dress [illegible] for Mother and [illegible] for the Father; [illegible] Flower Shop, [illegible] plant; [illegible], a case of Coca-Cola [illegible].

WILLIAM "BILL" CROW, year old son of Mr. and Mrs. W.M. Crow, 306 St. George, was chosen as "the most appealing" baby in Hancock County in a contest co-sponsored by the A and G and The Sea Coast Echo. Results of the "Bundle of Joy" Contest were announced at the A and G Theatre Easter afternoon, and little Bill was the recipient of many prizes offered by local merchants.

Deadlock Is Still Evident In Waveland

The six week old wrangle between Waveland's Mayor Gerald Ladner, and Councilmen [illegible], Marvin Fountain, and Al [illegible], three Waveland Aldermen, over the appointment of [illegible] O. "Buddy" Dubuc as Town Secretary reached no conclusion this week.

Bills are still unpaid, no [illegible] improvements are being made, and city employees are not being paid as the deadlock between the Mayor and the three Aldermen continues.

Mayor Ladner appointed Dubuc at the March 5 city council meeting, to succeed the late [illegible] L. Kohlercht with the approval of Alderman Tony Benigno. Aldermen Fountain, Hadley, and [illegible], however, did not approve the appointment and claim that it is not legal.

Meanwhile, throughout the ensuing six weeks, business and financial affairs of Waveland have been at a complete standstill.

Bay Hi Band To Sponsor Concert Fri.

The Bay High School Band Department is sponsoring a concert by the Pensacola High School Band on Friday, April 26, 1967, at [illegible] o'clock in the gymnasium of the school.

The Pensacola High School Band is an outstanding musical group as the band is over 90 members strong. It is a famous marching band, noted for its [illegible] showmanship.

The event will be open to the public because, as Mr. Manuel [illegible], band director at Bay High School, says the opportunity to hear a band of this size is unusual for Bay St. Louis.

Since this is one of the fund raising projects of the Bay High School Band a small fee is being charged, 25¢ for children, and [illegible] for adults.

The body arrived [illegible] in New Orleans [illegible]. Fahey Funeral Home was in charge of arrangements.

He was the son of the late Mr. and Mrs. Harry E. Perry of Bay St. Louis.

N. O. Police Find Motor

Sheriff Sylvan J. Ladner, Jr. reported yesterday that an outboard Johnson motor, one of two stolen from Roush's Motors on Highway 90 early the morning of April 16, has been recovered by the New Orleans Police.

Charles Roush, Jr., owner of the burglarized shop, had reported to the Sheriff's office that in addition to $6.00 in change taken from his store in the burglary, two motors and a Polaroid camera were also missing.

An IC Railroad detective surprised two men stealing gasoline from parked cars near the railroad yards in New Orleans on April 17, the night after the Roush Shop was entered, but the men escaped him, abandoning a station wagon. A check of the abandoned car showed that it was stolen and the motor was inside the car.

New Orleans police checked with the Johnson factory, and serial numbers showed the motor to be one shipped to Roush in December [illegible].

Hancock County voters approved a $[illegible] school bond issue Saturday by an official vote of 716 for to 381 against, Mrs. C. C. McDonald, [illegible] of the Board of Education announced this week.

The $[illegible] sum, together with approximately $[illegible] to be made available from State Building Funds will be used to construct a new consolidated school in the North central section of the county to serve students now attending [illegible], Kiln, Leetown, and Catahoula schools.

A portion of the funds, Mrs. McDonald said, would be used to construct three additional classrooms and new restroom facilities at Logtown attendance center. The first through eighth grades at Logtown school will serve students from Pearlington, Logtown, Gainesville and Napoleon.

Construction of the new facilities is the first step toward school improvement under a county school reorganization plan which has been approved by the State Educational Finance Commission. This plan provided for reconstruction of a municipal separate district at Bay St. Louis and establishment of a [illegible]-grade consolidated center in the north central section of the county.

The new consolidated center, Mrs. McDonald said, will offer rural students a "much broader program," including science courses with laboratory facilities, homemaking department, music department, vocational agriculture, tool work shop, commercial department, library, and expanded athletic program.

It is expected that the seven and one half mill increase in the Hancock County School District will be required to retire the bonds at an estimated increase in assessed valuation of $2.30 per $1000.

It was pointed out that the increase would be approximately 2 1/2 mills more than was paid by the entire county district last year.

Leland L. Lee Passes Away Suddenly Mon

Leland L. Lee prominent Bay St. Louis merchant, died suddenly Monday, April 22, at 9:21 P.M. while attending a meeting of the Masonic Lodge in Logtown. Death was attributed to a heart attack. He was 56 years old.

Mr. Lee had been under treatment for heart disease for several years and was released from Public Health Hospital, New Orleans, in late February after a month's treatment. His condition was reported as fairly good since then.

A native and life long resident of Hancock County, Mr. Lee was born in Gainesville, June 11, 1901. He was the son of the late Mr. and Mrs. Daniel Lee.

He has owned and operated two shoe and clothing stores in Bay St. Louis since 1944. For several years, he served as a member of the city police force, retiring last year because of ill health. At the time of his death, he was a deputy sheriff.

Mr. Lee is survived by his wife, Mrs. Mabel Asher Lee, and two daughters, Mrs. Norma Jean Hughes, Biloxi, and Mrs. Irma Levens, University, Miss. and one son, Walter of Bay St. Louis.

Funeral services were held Wednesday, April 24, at 3:45 P.M. from Fahey Funeral Home with religious services at the First Baptist Church, the Rev. William Bacie, officiating. Masonic rites were conducted at graveside. Interment was in Gardens of Memory Park.

Finish Plans For Spring Festival Here

Plans have completed and all is in readiness for the Sixth Annual Spring Festival to be presented by the PTA of Christ Episcopal Day School Saturday, April 27, at five P.M., on the grounds of the school, 912 E. Beach Blvd.

Entitled "Spring Fantasy" the Festival will open with a program with the entire student body participating. A delicious turkey dinner will be served along with hot dogs, cold drinks, homemade cakes, pies, cookies and candies.

An array of articles, including a special booth of handmade Handcraft and food specialities, will be offered for sale, and an evening of entertainment for the entire family has been planned.

Mrs. Dan McCulloch, her festival committee, and the entire membership of the PTA have been working very hard to insure an enjoyable evening for persons attending the Festival.

"This is the only fund raising affair that our PTA has each year, and we certainly invite [illegible]," Mrs. McCulloch said. "Funds will be used to [illegible], and [illegible] another successful year."

The night session begins at 7:30 P.M.

Worthy Matron Irene Dillman urges all Eastern Star members in good standing to attend. Mrs. Gertrude Wilkens, Corinth, Worthy Grand Matron of the State, and Mrs. Dottie Cox, Pascagoula, District Deputy Grand Matron will be in charge of the School.

Report Quiet Easter Here

Sheriff Sylvan J. Ladner, Jr. reported that despite a large number of visitors in the Bay Waveland area Easter weekend, he investigated only one minor accident with no injuries, and had only a few arrests for minor offenses.

"Last weekend was one of the quietest Easter weekends that we have had in a long time," the Sheriff said. "We had a minimum of complaints of misconduct on the part of the local people or our visitors."

A check with Highway Patrolmen William Kenny and Fred Carter showed only one minor accident, too.

"I Can Dream, Can't I?"

This truly spectacular color movie was shown here a few days ago to a group of local businessmen by L. and N. Railroad representatives picturing operations and advancements made by their railroad.

It was a vision of gleaming silver streamlined trains streaking through our green countryside shimmering in the sunlight.

Their smartly polished streaming coach interiors, brightly trimmed in gleaming, glittering chrome and stainless steel, their thick carpeting, their plush white linen covered individual reclining chairs, all portrayed everything that modern world can offer in ultra modern luxury, comfort and speed.

One could not look upon such magnificence with emotions other than those of wonderment and awe.

The picture, alas, was shown at noon on a mid-week day and none of our commuter citizens was able to attend. They would never have recognized in these sleek and roomy visions any similarity to their own over crowded one-and-a-half car vehicles to which they have been reduced and whose coaches bear a distinct vintage associated with the year 1898.

Without the movie, few of us would have known what the inside of one of these silver dreams looks like as a result of the shocking curtailment this community has suffered at the hands of the L. and N. in recent years.

So great has been this cut-off of their service that we wonder whether or not their ultimate aim isn't to cut out this community as a regular stop for all of their passenger trains, and to cut out commuter service all together.

We could get no flat, conclusive denial of this from Mr. Clarke Shoemaker, their District Passenger Traffic Representative, when we questioned him on his recent visit here, attempting to explain his company's recent curtailments.

Deepest Sympathy

We extend our deepest sympathy to the family of Leland L. Lee, who died suddenly Monday night. Bay St. Louis and Hancock County have lost a fine and devoted citizen in Mr. Lee's death.

While serving with the City Police Department, Mr. Lee was noted for being a fair, honest and loyal officer, lending a helping hand whenever one was needed, and enforcing the law with equal firmness. In spite of his ill health which caused his retirement from the Police Department, he was a deputy sheriff, giving his time when called.

He was a clothing and shoe merchant, adding two small but successful businesses to Bay St. Louis. His friendly and fair manner of operating his stores was well known to all local residents.

To Mrs. Lee, his daughters and his three grandchildren, we offer our sympathy.

Thank You, Mr. Seal

Our thanks go to Mr. Leo W. Seal for calling to our attention the feature appearing in this issue about Mr. A. B. Curet, a member of one of the oldest and most respected pioneer families of Hancock County.

We think it noteworthy that Mr. Curet's forty years of devoted service as County Agent of Pointe Coupee Parish, Louisiana, are only three less than the Agricultural Extension Service itself, making him a pioneer in that field, not unlike his ancestors.

We add our congratulations to the hundreds of friends and dignitaries who honored Mr. Curet in New Roads, La. in December, and wish him a long and happy life.

Bay High News

A [illegible] Wednesday, April 17, when [illegible] assembly program.

Richard Bilbo, senior, acted as master of ceremonies. He introduced the various acts and participated in the show's "commercials."

First to appear were "Mickey and Sylvia" singing "Love Is Strange." Gail Finley, junior and Dewitt Kennedy, senior, received an ovation from the audience.

Following the popular singing couple, Elaine Berg, junior, pantomimed a Dinah Shore recording and even drew young Burt Taylor, sophomore, into the act. Burt's antics during this number delighted the assembled audience.

"Fats Domino," impersonated by Donald Byrd, junior, who donned black face and a gaudy yellow satin coat with wide winged lapels, was next on the program. Helping "Fats" to sing "Honey Chile" were Grady Perkins, Seth Crippen and Joe Smith, all juniors.

Harriet Ward, junior, gaily wearing a Mexican straw hat decorated with flowers and fruit and a Mexican skirt and white blouse, danced and sang to a new record tune called "Hetta Chocolotta."

Wayne Allsten, senior, climaxed and closed the program as he appeared before the student body as "Elvis Presley", side burns and all. Wayne did Elvis' hit tune "Money Honey." Several girls fainted—all part of the show, of course—and Wayne, or rather Elvis, was asked to do an encore.

The show's commercials brought as many laughs as the records. Participating in them were the "Toni Twins," Bay High's real twins, Beth and Seth Crippen; the "Tooth Paste Patter," done with smiles and a toothless grin by Ruby LaFrance and Barbara Ann Villere; and the Wheaties Strong Man Commercial done with David Godwin and Donald Green, juniors, and Rose Nelson, juniors, who made a most believable (?) Tony the Tiger. Janice Bankston, junior was in charge of records.

The annual Bay High Band and Chorus Concert was held in the school's auditorium at 8 P.M., Monday, April 22, 1957, under the direction of Mr. Marcel LaNasa. Mrs. Carl Smith was piano accompanist.

Among the featured numbers were "Nola," a saxophone solo, played by Bill Cox and two clarinet quartets, "The Prayer" from Humperdinck's "Hansel and Gretel," and "Ase's Death" from Edward Grieg's "Peer Gynt Suite." The clarinet quartet was composed of Cleta Kay Miller, Fellows Drury, Sheila Dillmann and Mary Ann Pahlman.

Taking part in the band numbers were Cleta Kay Miller, Fellows Drury, Mary Ann Pahlman, Sheila Dillmann, Doris Estapa, Mildred Parker, Aline Hobbs, Gail Higgins, Ellen Allison, Norman Sonier, Bill Cox, Hamilton Guenard, Gayle Parker, Carl Gustafson, Eva Kramer, Paula Kimbrell, Gregory Nazarne, R. J. Garcia, Irma Garcia, Mike McCulloch, Billy Pahlman, Tommy Godwin, Will Nunez and Lionel Bourgeois. The band members made a smart appearance in their blue, white and gold uniforms.

The chorus was prettily attired in pastel evening gowns. The chorus members were: Gail Finley, Audrey LaFontaine, Jane Seiffel, Myra Menti, Carolyn Morreale, Courtney Coward, [illegible] Fellows, Sue Weil, [illegible], Rose Ann Kingston, Lillian [illegible], Sally Jean Watson, [illegible], Alice [illegible], Sybil Dawsey, Sylvia Tumplin, Patsy Jean O'Farrell and Jackie Jones. The ushers were Marguerite Randolph, Marvin Allison, and Courtney Coward.

Bay High will have a very musical week, April 22 through April 26. In addition to the Band-Chorus Concert, Monday, April 22, at 8 p.m., there will be the appearance of the Pearl River Junior College Orchestra at assembly period on Wednesday, April 24. The P.R.C. group is under the direction of Mr. Joseph Ellis. This performance should be of particular interest to Bay High students because three Alumni, Wheeler Hartsfield, Richard Bourgeois and Otto Bourgeois, who are now attending P.R.C., will appear.

On Friday, April 26, at 2 P.M. the Pensacola High School Band will give a performance in the gym. This band numbers over 90 pieces, which necessitates giving the performance in the gym. The public is invited to attend these performances.

Bay High's annual Career Day was held Tuesday, April 16, and the day's activities provided interesting and profitable sessions throughout the day for students who are to graduate, as well as for those who have longer to decide upon a chosen career after high school.

Mr. Floyd Barnes, Secretary of the Mississippi Educational Association, opened Career Day at the general meeting of all high school students. Following Mr. Barnes's informal but informative talk to the students, Principal Joe McCullouch directed students to the selected classrooms where discussions upon various phases of work were to be held.

The schedule for Career Day and the invited speakers were as follows: Auto Mechanics, Mr. Hunt and Mr. Wheat, Pearl River Junior College; Cosmetology Mr. Johnson, Pearl River Junior College; Business Education, representative from Perkinston Junior College; Engineering, Mr. Ford Lowry, Mississippi Power Company, Gulfport; Nursing, Graduate Nurse from Touro Infirmary, New Orleans; Housewife and Homemaking, Mrs. Robert Hamilton and Miss Frosty Nicholson, Vocational Department of Home Economics, Southern Division; and a representative from the U.S. Air Force and two representatives from the U. S. Marine Corps who spoke to senior boys about serving in the country's armed forces.

First grade pupils will present their program, "The Boy and his Three Goats," Friday morning at 9 o'clock.

The Third grade children enjoyed their Easter party and egg hunt.

Refreshments were served. Prizes were won by Henry Pulitzano, Carol Ann Bilbo, Johnny Farve, Nancy Schoenmaker, and Wayne Oliver.

On Thursday afternoon, April 18th, the Fifth and Sixth Grades were given Easter parties by the mothers of the two grades. Each child had made a basket which was later filled with eggs. Games were played. First, second, and third prizes were given to those who won in the contest games. Refreshments were served. All of the children thoroughly enjoyed the parties.

AO3/c DARRELL LUCIEN FARVE recently transferred to Elizabeth City, N. . B. Curet Honored On Retirement

. R. Curet, a member of one of the oldest families in Han- . County, was signally honored in December when he retired . 40 years of devoted service as County agent of Pointe Coupee . Louisiana.

An interesting fact is that the Agricultural Extension itself is . 43 years old, having been created by the Smith-Lever Act . by Congress in 1914.

Hundreds of friends of the County Agent turned out to honor him . the eve of his retirement in December of last year. Mr. Curet . presented a plaque commemorating his service and many gifts . groups and individuals in . Parish. Topping the list of . was a fully equipped new . motor and trailer.

. H. C. Saunders of the L.S.U. . tension service said in cere- . December 16 at New . "Mr. Curet is a man who . nothing to give away except . when he came to the Parish . years ago." Mr. Saunders . pared the yield of crops in . with present day yield and . and said that Curet . throughout the years had ser- . as "a teacher and leader . agriculture, showing the peo- . of the parish new methods . better ways of doing things."

Many dignitaries were among the hundreds attending the ceremonies and reception which followed. They all agreed that Mr. Curet had been an inspiration to every farmer in the area.

The Curet family is a pioneer one in Hancock County. Mr. Curet's grandfather was a forty-niner gold miner who brought his Dutch bride to settle at Bayou some odd hundred years ago.

They were merchants and dealt in lumber and charcoal, shipping it to New Orleans to market by schooner, a trip taking in those days, anywhere from four days to two weeks.

The Curets built a beautiful home on the bayou and descendants of the family have lived in the County ever since.

10 o'clock Curfew

Once electric lights could be used only from dusk to 10 P.M. Then the electricity was turned off until the next evening. The cost of this luxury of the early 1880's? *About six cents per dim bulb per evening!*

Today, electricity is so much a part of our lives that we take it for granted like the air we breathe. We depend on electricity to make our jobs easier, our lives more pleasant. And we're using more all the time. Today, the average family uses four times as much electricity as it did 25 years ago. In the future, we'll be using even more. That's why your friends and neighbors in this company are working now to have more low-price power ready tomorrow.

COMMISSIONER TRAUB MAYOR SCAFIDE COMMISSIONER GLOVER

THE MUNICIPAL PIER WILL BE REBUILT!!!

Bids will be received by our able and capable Parks and Playgrounds Commission next Monday April 29th, for the rebuilding of our City Pier which was destroyed on June 13th, 1956 by high winds and 6 ft. tides. Construction is scheduled to begin within ten days after awarding of the contract to the successful bidder.

Above is a picture of the Municipal Pier which was built in 1954 during our administration. We wish to publicly thank the members of our Parks and Playgrounds Commission who have worked and cooperated fully with your present administration in their sponsorship of the construction and upkeep of this fine project, the sand beach and six other playground and recreational facilities. The pier and sand beach has provided a great amount of pleasure and enjoyment to thousands of our citizens, both young and old and has been a fine attraction for visitors and tourists.

After the disastrous storm of 1956, the city was able to recover and salvage some 75% of the material from the pier which had been scattered over a great portion of our coast line. This salvaged material will be utilized in rebuilding the pier, thus greatly reducing the cost.

It has been impossible to rebuild the pier with the revenue from only a 7/8 of a mill tax levy for all of the parks and playgrounds expenditures.

Realizing the loss of this pier has deprived our citizens and visitors of a great deal of pleasure and enjoyment, your Mayor and Commissioners have been striving to secure the necessary revenue to rebuild the pier on the limited funds available, WITHOUT INCREASING YOUR TAXES. We have now been able to do this. The funds necessary to rebuild this pier can be temporarily transferred from the Natural Gas System which is now completely free from all bonded indebtedness TEN YEARS AHEAD OF SCHEDULE resulting in a savings to the city of $22,000 in interest alone.

THIS WILL BE ANOTHER ACCOMPLISHMENT OF THIS ADMINISTRATION --AND NOT A MERE PROMISE.

"Borden's is Bay St. Louis' best-tasting milk!"

"I don't say that just because I produce it. Borden's Milk is *extra* good because Borden's strict quality control won't have it any other way. Even tougher than legal requirements, Borden's high standards mean a fresh milk at its best — with plenty of cream for finer flavor. No wonder your other farm neighbors and I are so proud to produce it! Serve your family Borden's Milk — the best-tasting milk in town."

Louis R. Wyman Celebrates His 82nd Birthday At Dinner

Louis R. Wyman, State Street, celebrated his 82 birthday at his home April 17, with a dinner and an open house later in the day.

Easter lilies, calla lilies and amaryllis decorated the living and dining rooms of the home.

Dinner was served from a table centered with a beautiful blue and gold frosted birthday cake. Dinner guests were Mrs. Louise Weber and Mrs. Velma Seiffler of Pascagoula, and Miss Catherine Wilson, Mrs. Georgia Ladner, and Capt. and Mrs. Fred Deal.

Mr. Wyman received many lovely gifts, flowers, and cards and a number of long distance telephone calls from New York, California and Arkansas. He and Mrs. Wyman received many guests who called during the afternoon and early evening hours to offer their birthday wishes.

Become A Spring Hostess

No matter how famous you are as a hostess, it's always fun to try a new lunch. Spring seems the right time to think about [illegible] with [illegible] and friends [illegible] tables can do better than [illegible] with pastel colors in keeping with the theme of the year. And food can take on a new look. Even the old favorites can have a new place with a bit of ingenuity.

Put your best foot forward and come up with a tantalizing skillet dish. Make it with convenience foods, sparked to just right goodness. Reach for canned beef gravy from the pantry shelf. Then order some veal steak from the meat counter. In 60 minutes time you can serve up SKILLET VEAL CUBES, delightful for luncheon or dinner over cooked noodles. Spread the menu before your gladdened guests.

Cut veal into 1½ inch cubes. [illegible] flour, salt, pepper [illegible] paprika. [illegible] mixture. Brown meat in melted shortening in large skillet. Stir in remaining ingredients. Cover, simmer about 1 hour or until tender. Serve over cooked noodles. Makes 6 servings.

POACH EGGS NEW WAY

It's the sauce that counts on poached eggs. This one is ready and waiting, no need to cook for hours because you use it right from the can. What could be better? Pour 1 can [illegible] ounces spaghetti sauce with mushrooms into a medium size skillet. Heat to simmering. Gently slip 6 eggs, one at a time, into hot sauce. Cover and cook over low heat until whites are solid and yolks are desired firmness. Serve on buttered toast. This is an excellent Lenten dish too. 6 servings.

The Bel Air Convertible—one of 2[illegible] new Chevrolets

There's more to be proud of in this one!

You'll be proud of Chevy's sweet, smooth and sassy way of going. And you'll take extra pride in Chevy's look of substance and character, its careful construction, its fine finishing touches you don't find in other low-priced cars. For one thing, the others don't have Body by Fisher. For another, they can't hold a candle to Chevy when it comes to performance. Chevrolet, you know, won the Pure Oil Performance Trophy at Daytona Beach as "best performing U. S. automobile." Automotive experts decided that. Bet you agree with them once you stop by your dealer's and drive a new Chevrolet yourself! Soon maybe?
